Ryan:

Thank you so much for getting back to me with the Tax ID number—that will help with getting the contract moving. I let our business manager know that we were going to wait to send the first bill until after May 1 and that was not problem.

New Orleans was great—thank you for asking—weather was much better than here but I feel a warm front coming on!

Glad to hear we have progress on the focus groups. We often try to schedule them over one or two days and possibly do some of the interviews as well just to save travel time but we can be flexible. Below is are a few dates and sampling of how the time slots could be used, but we understand that some of the participants (depending on the group) may need a different time slot (i.e., morning vs. night). Also, it may be good to schedule our interview with you and your Board President and then we can work around your schedules to fill in the rest. Did you still want to do a youth focus group as well or are you happy with the three you have listed (business, civic, residents).

Current dates we have open for focus groups are below and we could do a combination of the days depending on scheduling needs but if possible 1-2 days is ideal.

- Tuesday, May 15
- Wednesday, May 16
- Thursday, May 17

### Example:

- Business Leaders Focus Group 7:30-9:00 a.m.
- Civic Organizations Focus Group: 10:00 -11:30 or 12-1:30 p.m.
- Residents Focus Group 2-3:30 or 5-6:30 p.m.

For interviews we could do the above dates or Monday, May 21 is available as well.

### Example:

• Interviews with Village President and Clerk (can be together or separate) 7:30-8:30 a.m. or 12-1:00 p.m. or 4-5:00 p.m.-basically need a one hour time slot (30 minutes each)

• Interview with Board President and/or other Board members- about 30 minutes needed could be right before or after the VP and clerk or before or after a focus group as well.

If we were able to complete the focus group and interviews by Mid-May we could do a retreat in early to mid-June. Do any of the dates below seem like they may work. If not we can start to look at a few others. Once this date is set we can look at lining up the department head prep session as well.

- Option one, two week nights: If you think we could line up the focus groups as soon as the beginning of May we
  might be able to make Monday, June 4 and Thursday, 7<sup>th</sup> work (4-8 or 5-9 p.m. (this was to help incorporate at
  least one of the two Mondays you suggested). This may be too soon to organize the focus group because we need
  about two weeks to process results, but if you think we can organize them we can look at some dates the
  first/second week in May.
- Option two, two week nights: Monday, June 18 and Tuesday 26<sup>th</sup> (4-8 or 5-9 p.m.) this would allow us to capture
  the third Monday as you suggested.
- Option three, Saturday: The only Saturday we have available in June or July is June 2<sup>nd</sup>. The same issue of having the focus groups arranged my beginning of May would be true here as well.

Feel free to call as well if you have any questions on the proposed dates or times.

### **Client Agreement**

Thank you for considering GWAA to assist you with the renovation of the future Kirkland Community Building. We have teamed with Fehr Graham to assist with the structural analysis during this first phase. To complete this project in a thorough and professional manner, we will team with you throughout the process. The purpose of this Agreement is to outline our rights and obligations to each other, providing clarity for moving forward.

### Introduction

This Client Agreement ("Agreement") is between the Village of Kirkland ("Client" or 'You") and Gary W. Anderson Architects ("We" or "Us") to provide architectural services as outlined below for:

### Owner

Village of Kirkland Ryan Block 511 W. Main St. Kirkland, IL 60146

### **Architect**

Gary W. Anderson, AIA Gary W. Anderson Architects 200 Prairie Street, Suite 201 Rockford, IL 61107

Contract Date: March 30, 2018

### Scope of Service:

- Scan both the interior and the exterior building which will create a 3D photo model that
  provides embeddable, web-hosted 360 degree views of the entire space. The scan also
  measures the space in detail, providing us with data to develop a 3D physical model to use
  as a base for construction drawings which includes a working model of plans, sections, and
  elevations.
- 2. Conduct initial structural evaluation to determine the viability of the existing structure and its capacity for modifications. This work will not include any structural modifications to the building or analysis to the building's foundation.
- 3. Develop a schematic design based on initial programming and Village vision.
- 4. Provide a cost estimate reflecting the proposed renovations and scope of work.
- 5. Create two renderings for fundraising purposes.
- As with all agreements, if the scope of the work or parameters under which the work is performed are modified, we reserve the right to review the fees related to these modifications and make mutually agreeable adjustments.

### **Understanding of Architecture Phases:**

- 1. **Pre-Design (PD).** PD helps us to know you better, clarify the project vision, goals and other project expectations. During this stage, we will scan and model the existing conditions of the building. PD helps us evaluate, plan and set a program for use in the SD phase of project development.
- 2. Schematic Design (SD). During the SD phase we work with you to develop floor plan and elevation sketches based on the project goals and budget developed during the Pre-design phase. This phase will establish the conceptual design of the project, resolve programmatic and code issues, and any special requirements. We will work with you to estimate the costs of site work, construction, and building systems at this phase for budgeting purposes.

### Fee Summary, Schedule, and Payment:

1. Fee Summary. Below are the costs by major service categories:

	Total	\$10,500	
Initial structural evaluation (Fehr Graham)		\$ 2,000

Optional asbestos testing, completed by a 3<sup>rd</sup> party to the owner is estimated at \$2,000

Letters, e-mail communications, phone calls, PDF creation for design and design-related documents are billable expenses and are included in the above fee summary.
